Audy Makore

Computing and Information Systems Student | Seeking ICT Industrial Attachment

Harare, Zimbabwe | +263 776 989 754 | +263 71 818 9790 | audymakore@gmail.com | Portfolio: audymakore.com | GitHub: github.com/Audimmk

PROFILE

Computing and Information Systems student at Harare Polytechnic, with Level 5 examinations completed and results pending, seeking an OJET industrial attachment. My coursework and personal projects have given me a foundation in databases, programming, web development and systems analysis. I am interested in understanding people's needs and using technology to improve everyday work, while developing my practical skills within an ICT team.

EDUCATION

Harare Polytechnic | **September 2024 - present**

ABMA Computing and Information Systems

- **Level 5 Diploma:** examinations completed September 2026; results pending. Level 4 completed December 2025, Level 3 completed March 2025.
- **Level 5 modules:** Database Systems; Software Development; Information Systems Analysis and Design; Web Applications Development; E-commerce Strategy.

Airforce Thornhill | **Secondary education**

Four O-Level passes: English Language, Shona, Combined Science and Biology. Mathematics and BES O-Level examinations completed in October 2026, results pending.

TECHNICAL SKILLS AND TOOLS

Database systems: SQL/MySQL: joins, relational modelling, entity relationships and normalization.

Web development: HTML, CSS and JavaScript: responsive layouts, section navigation, deployment and GitHub Pages.

Software development: Foundational C++, Python, object-oriented programming, algorithms and data structures

Systems analysis: Requirements and stakeholder needs; foundational knowledge of UML and process modelling.

Tools: GitHub, VS Code and Microsoft Office; introductory experience with Ubuntu Linux.

PERSONAL PROJECTS

Personal Portfolio Website

HTML, CSS, JavaScript, GitHub Pages | Live

- Designed and developed a personal portfolio to present my skills, projects and contact details; implemented a home page layout, section navigation and a mobile menu, and deployed the website using GitHub Pages with a custom domain
- Refining responsive styling and completing the remaining sections

Banking Dashboard

HTML, CSS, JavaScript, SQL | In development

- Developing a banking-themed dashboard concept to explore financial information presentation, interface design and data organization. Intended as a learning project using simulated data.

Dear Sir/Madam

RE: APPLICATION FOR INDUSTRIAL ATTACHMENT (OJET)

This letter serves to confirm that ANDY MAKORE ID Number 29332432 C 23 is a bonafide student at Harare Polytechnic in the Department/Division of ICT She/he is studying towards a Computing & Information Systems (BSMA Level 6)

Students working towards achieving a qualification in the referred course are required to gain a practical industrial experience by completing a one year On the Job Education and Training which starts from 04 January 2027 to 06 September 2027 On the Job Education and Training is a supervised and approved programme of work and study that allows the student to apply knowledge and skills learnt at the institution in an industrial setting.

Harare Polytechnic values the assistance that industrialists give to its training and internship programmes and the institution will be grateful if you give our student a chance to do On the Job Education Training at your organisation.

I hope this information suffices.
